

U. S. BISHOPS SEND PLEA FOR AUSTRIA

Methodist Episcopal Prelates
on Trip to Europe Tell of
Need of Help.

\$30 WILL SAVE A CHILD

Many Little Ones Are Starving
and Tuberculosis
Threatens 40,000.

By a Staff Correspondent of The Sun.
Copyright, 1920, all rights reserved.

BERLIN, Jan. 24 (delayed).—An appeal by the American Methodist bishops now visiting central Europe to support the Hoover relief work in Vienna was issued in Vienna just before they started for Budapest. It says:

"We frequently appeal to all citizens of the United States irrespective of creed or party to come to the aid of this movement with increased financial help and supplies. We believe sincerely that the economic fate of Austria for the present and for the indefinite future can be assured only by the largest possible immediate relief and that the preservation of the health and the lives of the children from the danger of starvation is the only guarantee for a substantial and efficient citizenship for this country in the years that are immediately before us."

Assistant Mayor Winter of Vienna also communicates a plan by Henrich Crawford and the Rev. A. C. Bucher, whose appeal follows:

"Having recently had an excellent opportunity to see the work of the American Relief Association in actual operation, feeding 225,000 starving children in Vienna and Austria, and having conferred regarding plans to further this highly important and noble humanitarian work of increasing the economic value of the new Austrian State, the members of the delegation from Methodist Episcopal churches now visiting Central Europe feel constrained to express unqualifiedly their hearty approval of the plan to send 40,000 children threatened with tuberculosis into the country for the entire summer. The city is without funds for this programme; it must be raised in America and England, for which a campaign will be started."

The programme calls for the transformation of country school houses into dormitories for city children and the extension of vacation time several weeks so as to make the outing of sufficient length to count in the fight against disease. The children, being in the country, will be able to receive farm and dairy products. The total cost for each child for the entire outing is reckoned at \$30, which in fact will be the price of saving a child's life.

SWISS INTERESTED IN DUTCH ATTITUDE

May Have to Make Decisions
on Teuton Refugees.

GENEVA, Jan. 24.—The decision of Holland not to deliver the former German Emperor over to the Allies has created great interest among Government officials and in political circles generally, as Switzerland is in a similar position with respect to a dozen or more high personages now residing in Switzerland, who may be asked for by the allied powers.

The Dutch point of view is approved here mainly on the ground of hospitality. Count Hohenzollern's attitude, however, is much criticized. One paper says: "The grand royal European possessor, who attempted to dominate the world, now becomes a simple military deserter. Let him alone with his ignominy."

LADY ASTOR COMES OUT AGAINST "DRYS"

Member of Parliament Hates
Word "Prohibition."

LIVERPOOL, Jan. 24.—Lady Astor, Member of Parliament for Plymouth, speaking to-day in support of State purchase and control of the liquor trade, declared that prohibition was impracticable.

"I hate the word 'prohibition,'" said Lady Astor, "and have just enough devil in me that if any one prohibits anything it becomes the one thing I want."

Persons go to public houses, she contended, for warmth and comradeship. Temperance workers have failed in the past because they have not tried to satisfy these needs.

STONES AS GERMAN "WINE"

Britons Get Doleful Surprise When
Cases Are Opened.

LONDON, Jan. 24.—A number of cases of supposed wine that arrived recently from Germany on being opened here were found to contain cobble stones and coal briquets packed in straw.

Japan Ready to Give Up Concessions in China

PEKIN, Tuesday, Jan. 20.—The Japanese Minister has informed the Chinese Government that Japan, in accordance with the peace treaty, will succeed to the rights formerly enjoyed by Germany in Kiaochow. He further stated that Japan was ready to negotiate regarding the retrocession of the leased territory if China were willing, emphasizing the fact that when arrangements were completed Japan would immediately withdraw the railway guards from Shantung.

China has not yet replied.

GOVERNMENT SHIES AT LONDON TUBES

Surface Line Management
Proves a Lesson.

Special Cable Despatch to The Sun.
Copyright, 1920, all rights reserved.

LONDON, Jan. 24.—The Ministry of Transport is not likely to take over the control and management of the London underground railways on terms similar to those under which it is operating the main surface lines, guaranteeing the present income of the railways which cost on an average nearly \$500,000 a mile to construct and they have been notoriously small earners. Only the combination of management and pooling of expenses enabled the roads to pay small dividends during the war.

The drastic step of requesting the Government to take over the underground is the outcome of a number of circumstances arising from the war, among others being the increase in the wage bill, the cost of rolling stock, maintenance of the roads, which have been without proper repairs owing to the shortage of materials, and inability to increase fares further without parliamentary sanction, which is unlikely owing to opposition to the proposal.

Combined with these difficulties is the present inability to sell stock on the revenue prospect which prevents the expenditure of \$175,000,000 for replacements and developments necessary to restore the roads to a state of efficiency.

The business of the street cars shows also large losses from operation. It is possible that the street car system may be turned over to the County Council, which owns the tracks and part of the rolling stock, now leased to the company.

ALFONSO RECOVERS HISTORIC NECKLACE

Orleans Prince Pays 700,000
Francs to Possessor for It.

PARIS, Jan. 24.—The proud Bourbon-Orleans family has regained possession of a priceless pearl necklace which had descended from King Charles V. but which for some time has been in possession of Viscountess de Termes. Some time ago Prince Alfonso of Orleans, who recently renounced his Spanish citizenship, started a criminal action against the Viscountess, alleging she had illegally appropriated the jewels, but in her reply the defendant asserted the necklace had been given to her by the Prince.

Prince Alfonso and the Viscountess on Thursday called on Judge Clusel and the former acknowledged he had given the pearls to the defendant. The latter then agreed to accept 700,000 francs and return them to the Bourbon-Orleans family. When this arrangement was made the court acquitted the Viscountess of charges preferred against her by Prince Alfonso.

EARL OF ATHLONE TO GO TO CANADA

Expected to Succeed Duke of
Devonshire in Spring.

Special Cable Despatch to The Sun and the
Public Ledger.
Copyright, 1920, all rights reserved.

LONDON, Jan. 24.—The Duke of Devonshire has lately intimated to the Prime Minister his desire to be relieved of his appointment as Governor-General of Canada at the first convenient opportunity and he is expected to supervise the removal of the last of his possessions from Devonshire house, which has been sold to an American syndicate as a hotel site, both the Duke and Duchess naturally desire to be present at the marriage of their third daughter, Lady Dorothy Cavendish, which is expected to take place soon after Easter. It is regarded as pretty certain that the Earl of Athlone, brother of Queen Mary, will succeed the Duke of Devonshire at Ottawa.

TO FIX CHILDREN'S STANDARD.

WASHINGTON, Jan. 24.—Appointment of a permanent committee to determine physical standards for children about to enter employment and to supervise the health of children at work was announced to-day by the children's bureau of the Department of Labor.

Dr. George Barth, Milwaukee, is chairman. Other members are Dr. Emma M. Appel, Chicago; Dr. S. Josephine Baker, New York; Dr. C. Ward Crampton, Battle Creek, Mich.; Dr. D. L. Edsall, Harvard; Dr. George W. Coler, Rochester, N. Y.; Dr. Harry Linenthal, Boston; Dr. Anna E. Rude, children's bureau, Washington, and Dr. Thomas D. Wood, New York.

GERMANS WAIT LONG FOR GIFTS FROM U. S.

Ten Weeks Needed to Send
Packages Over.

BERLIN, Jan. 24.—The delay in the arrival in Germany of hundreds of thousands of gift packages from the United States has resulted in the postal authorities here being overwhelmed with inquiries as to the whereabouts of the recently awaited parcels. It is explained to these inquirers that they fail to make sufficient time allowance for transit, which is seldom under eight or ten weeks in view of the present transportation conditions.

The steamer Buttonwood, which left the United States in November, was forced to lie up in England for repairs and had not arrived at Hamburg, her destination, by the middle of January. She is carrying 80,000 packages addressed to Germany.

TWO DIE, 56 ILL ON ARMY TRANSPORT

Medical Officers' at San
Francisco Are Accused.

By the Associated Press.
HONOLULU, Jan. 24.—The bodies of two soldiers who were reported to have made an ante-mortem statement that the medical officials at Port McDowell, in San Francisco Bay, refused to remove them from the ship although they reported that they were sick arrived here to-day on the United States Army Transport Madawaska. Privates in the Medical Corps who accompanied the deceased soldiers here were authorities for the alleged statements. W. A. Carleton, Captain of the ship, refused to make any

comment. The Madawaska is en route to Manila. Thirty-six soldiers and twenty civilian passengers were reported to have been removed to hospitals here because of the prevalence of pneumonia, bronchitis and influenza on board. Three army nurses, some passengers, two civilian nurses and the Medical Corps privates worked day and night to remove those suffering from illness.

IRISH HISTORICAL SOCIETY GETS HOME

Receives \$60,000 Cash Also
From Dr. Nagle's Estate.

President-General Joseph I. C. Clarke of the Irish Historical Society announced yesterday in the society's headquarters, 35 West Thirty-ninth street, that the organization will come into \$60,000 in cash and a five-story building at 132 and Sixteenth street by the will of the late Dr. John P. Nagle, and will receive the complete library of the late Dr. Thomas Addis Emmet.

Mr. Clarke, who worked on the New York Herald at the time Dr. Nagle was in charge of vital statistics of the Board of Health, said last night at the annual banquet of the society in the Waldorf-Astoria that this building would be renovated for occupancy some time in the fall and that it would be a home for the society and the splendid library of Dr. Emmet.

These officers were elected: President-General, Joseph I. C. Clarke; vice-president, J. J. Leachan; treasurer-general, Alfred M. Barrett; secretary-general, S. P. Cahill; librarian and archivist, V. F. O'Reilly; and historiographer, Michael J.'Brien. Major-General John F. O'Regan, the Rev. Francis P. Duffy, Joseph D. Kelly, Senator from The Bronx, and John J. Murphy made speeches after the banquet.

"SOLITARY" POMEROY TO BE IN MINSTRELS

Celebrated Life Prisoner Will
Read Some of His Poems.

BOSTON, Jan. 24.—Jesse Pomeroy, who has served forty years in solitary confinement, is to appear in public for the first time since he was a boy at a minstrel show to be given by the inmates of the State prison. As the latest of the liberties which have come to him since the solitary feature of his sentence was commuted three years ago the life convict will be allowed to take part in the show as a reader of his own poems.

Pomeroy turned several years ago from plotting escape to writing poetry after his twelfth attempt to break jail was frustrated by a guard who found him with cell bars cut and armed with several improvised weapons intent upon fighting for his freedom. Since that time the prisoner has written regularly for the prison paper, his poems appearing under the name "Grandpa." Pomeroy is 60 years old. He has been in prison since his seventeenth year.

BISMARCK MEMOIRS HELD UP.
Second Adverse Court Decision Is
to Be Appealed Higher.

STUTTGART, Jan. 24.—The injunction granted in the lower court restraining the publication of the third volume of Prince von Bismarck's memoirs has been sustained.

The case will now be taken to the Superior Court. Parts of the memoirs which have found their way into print throw an interesting light upon the Kaiser's tendencies when a young man.

Art Treasures Stolen.
VIENNA, Jan. 24.—Numerous art treasures, value at several million crowns, were stolen yesterday from the Art Museum.

BONWIT TELLER & CO.

The Specialty Shop of Originations

FIFTH AVENUE AT 38TH STREET

Present Original Versions of Women's
and Misses' Spring Fashions

TAILORED SUITS

ETON AND BOLERO EFFECTS

There is a youthful smartness embodied in these new model Suits with Eton or Bolero Jackets that emphasize the grace of deep arm scyes and raglan sleeves. Many are of plain tailored character or elaborated by wool embroidery, satin or braid binding. Accordion pleated, two-tier and straightline skirts are chic and modish, while the new Spring fabrics reveal navy blue as dominant.

Introducing the New
BASQUE BLOUSE

They are fashioned of Georgette Crepe, satin, net, chiffon, silk crepe Legere or fine laces, all in a jaunty hip length, developed on graceful basque lines and tying into either a bouffant sash at back, finished with a tailored bow or fringed ends.

SPRING FROCKS & GOWNS
For Women and the "Jeune Fille"

Fashion advocates taffeta silk, soft satins and crepe de chine for the most winsome of softly draped, bouffant and gracefully slender straightline frocks. Many reveal the new tendency of a more pronounced waistline. Serge, tricotine and similar fabrics for trim, tailored frocks, while fine laces, Georgette crepe and chiffons make delightful afternoon or dinner frocks. There is also a noteworthy collection of cotton frocks for Southern wear.

DAY & EVENING MILLINERY

For the simplest morning frock or tailor suit to the most elaborate dinner gown there are specific types of millinery that befit every occasion, every personality, and give wide latitude in the choice. There are hats of satin, straw, tulle, crin, lace, Georgette crepe, organdie and numerous novelty fabrics in colorful or subdued tones for the Northern mid-season or the fashionable Southern resorts.

New Sporting Types in
KNICKERS, SKIRTS & SUITS
of GLEN LOGAN TWEEDS

The Glen Logan Tweeds, of which these Sporting Togs are fashioned, are imported from Scotland exclusively for Bonwit Teller & Co., and are in warm, glowing winter colors in plain or overlaid effects. It is the aristocratic fabric for present day sports at Northern lakes, Lake Placid and Tuxedo, where skating, skiing and tobogganing are the favorite pastimes.

THE GLEN LOGAN TWEED KNICKERS
are worn with Top Coats of the same fabric or with Coats of "Worumbo"
Pure Camel's Hair.
